WASHINGTON, D. C.

"Preserve and Regulate, not Destroy," is a sound motto in medicine as well as statesmanship. Preserve the vigor of the digestive organs, and regulate the functions of the body, and you will be safe. Eat, and on care dyspepsia and liver complaint by a process in harmony with the laws of nature, and you will be safe. Do not devitalize the system. Reason as well as the stomach rejects them. Rely on this stimulating specific. Sold by all druggists.
